OUR MESSAGE REGARDING COVID-19

Wolf River Veterinary Clinic's top priority is the health and safety of our clients and their pets, along with our compassionate staff. Please help us keep our community safe by staying home if you are experiencing any signs or symptoms of illness. We have requested our team of professionals to do the same.

Please call to ask how we can help you get your pet's medical needs met during this time of social distancing. Providing advance notice of prescription and/or food pick up will help decrease foot traffic in our waiting area. When you are visiting us, it will be helpful to minimize the number of family members attending appointments.

At this time we are operating normal business hours as usual. We will continue monitoring all CDC (Centers for Disease Control and Prevention) updates, and will certainly make you aware of any necessary alterations to our current protocols and operating hours. With only your best interest in mind, we are here to help guide and ensure the health of you and your furry family pets.

Stay safe, healthy, and informed.

Sincerely,

Dr. Brent Nokes and Dr. Kyle Ruedinger
