**March 23, 2020**

### **OUR UPDATED MESSAGE REGARDING COVID-19**

**Wolf River Veterinary Clinic's top priority continues to be the health and safety of our clients and their pets, along with our compassionate staff. We've been closely monitoring the status of the coronavirus (COVID-19) via national, state, and local resources such as the CDC [www.cdc.gov](http://www.cdc.gov) (Centers for Disease Control and Prevention), Wisconsin Department of Health [www.dhs.wisconsin.gov](http://www.dhs.wisconsin.gov), and Wisconsin Veterinary Medical Association [www.wvma.org](http://www.wvma.org) to assist with our decisions to implement additional precautionary measures.**

**Effective today, March 23, 2020, only veterinary clinic personnel will be allowed inside of our hospital until further notice. During this time, services may be limited and some existing appointments may need to change. Please call with questions at any time.**

**Once you've scheduled your pet's appointment with us, we ask that when you arrive, you please remain in your vehicle and call 920-982-2733 to discuss next steps by phone. One of our clinic professionals will come out to get your pet.**

**We request that you call in advance for prescription refills and food. We will take payment over the phone and will bring purchased items out to your vehicle once you arrive.**

**All of us at Wolf River Veterinary Clinic sincerely appreciate your patience and understanding during this temporary situation and thank you for your business. Remember that we are always here to help guide and ensure the health of you and your furry family pets. Let's continue working together to keep our community safe.**

**Sincerely,**

**Dr. Brent Nokes and Dr. Kyle Ruedinger**
