- There is a possibility drugs purchased elsewhere may be counterfeit, not approved by the FDA, and could harm or kill my pet. Drugs from third party sites may not have been stored properly, out of date, repackaged/falsely packaged, or improper drugs. See FDA website for more information: www.fda.org
- Purchases from online/third party sites may not appear in my pet's medical records and may complicate their health care.
- Product warranties for prescriptions obtained elsewhere may be null and void.
- Prescriptions purchased elsewhere may be incorrect numbers of tablets or capsules, incorrect milligram unit sizes, volume and/or concentration of liquid, and not match my pet's doctor's directions.
- Manufacturer rebates/discounts that are ordinarily available for use through the clinic may not be available.
- The manufacturer's guarantee for products may not be available. If your pet's condition is not treated or there are complications with treatment, manufacturers may not support your pet's care.
- I hereby request a written prescription for medication or food for my pet so that I am able to purchase these products from a third party pharmacy or online/internet.

- I agree and release all liability of Wolf River Veterinary Clinic, including its doctors and staff, from any personal or professional liability with third party pharmacies

I, the undersigned, have read the above statements and do fully understand the risks involved in purchasing prescription medication and/or prescription food from a place other than a veterinary clinic and against the advice of medical staff. Due to my decision to purchase prescription items from somewhere other than a veterinary clinic, I have been informed that there may be complications involved in buying items elsewhere. By signing this form, I release all liability of Wolf River Veterinary Clinic of any responsibility in regards to my decision.
